## **College Committees**

**Statutory & Non-Statutory**

**(w.e.f. 15-04-2025)**

## PREFACE

The **Internal Quality Assurance Cell (IQAC)** has designed this manual to enhance academic and governance-related quality processes within the college. By establishing well-structured committees, IQAC ensures **systematic, decentralized, and inclusive governance**, fostering continuous institutional improvement. Committees under IQAC are classified into two broad categories: **Statutory Committees**, which are mandated by regulatory bodies for compliance and governance, and **Non-Statutory Committees**, which are institutional committees formed for quality enhancement and effective administration.

To ensure efficiency and specialization, non-statutory committees are categorized into seven functional domains. The **Academic Program Development & Quality Enhancement (APDQE) Committees** oversee curriculum design, syllabus revision, and teaching-learning strategies while focusing on faculty development and academic benchmarking. The **Student Learning & Outcome Enhancement (SLOE) Committees** monitor student performance, implement remedial measures, and strengthen assessment methodologies. The **Research, Innovation & Outreach Enhancement (RIOE) Committees** work towards promoting research culture, publications, industry collaborations, consultancy projects, and community engagement.

The **Infrastructure Development & Maintenance (IDM) Committees** are responsible for maintaining and developing physical and digital infrastructure, executing campus expansion projects, and implementing sustainability initiatives. The **Student Support & Facilities Enhancement (SSFE) Committees** focus on student welfare, scholarships, career guidance, and improving hostel, medical, and recreational facilities. The **Governance, Planning, Quality Assurance & Human Resource Training & Development (GPQHRD) Committees** formulate institutional policies, strategic planning, and governance frameworks, ensuring quality assurance and professional development through faculty and staff training programs. Finally, the **Institutional Values Promotion (IVP) Committees** foster ethical values, inclusivity, and cultural diversity while promoting gender sensitization, environmental awareness, and civic engagement.

Each committee is responsible for **effectively fulfilling its objectives** and conducting periodic **self-assessments** through regular review meetings to evaluate progress and identify areas for improvement. The IQAC, with approval from the **College Development Committee (CDC)**, reserves the right to **restructure committees** and modify their objectives as needed. This structured governance model ensures continuous institutional growth, academic excellence, and student development.
