**NATIONAL SCIENCE DAY - 2026**

**Report**

Mahatma Fule Arts, Commerce & Sitaramji Chaudhari Science Mahavidyalaya, Warud, organized the invited talk on “National Science Day: Exploring Science, Innovation and Sustainability” in the inaugural session at P.D. Auditorium on dated 28<sup>th</sup> February 2026. After the inaugural function, Department of Chemistry celebrated ‘National Science Day’ by organizing “Science Awareness Project Exhibition”. The day is dedicated to recognizing the importance of science in our lives and encouraging scientific temperament among students. The theme of national science Day 2026 “Women in Science: Catalyzing Viksit Bharat” emphasised the contribution of women scientists and innovators in building a developed India, recognising their efforts in research, technology, and STEM fields. The theme aligned with international efforts such as the International Day of Women and Girls in Science, promoting gender equality and enhanced participation of women in scientific research.

Dr. Amit Bafna, Scientist, CSIR-NEERI, Nagpur, inaugurated the Chemistry Department program. Dr.D.V.Hande, Principal, Mahatma Fule Mahavidyalaya, Warud, chaired the program as a Chief Guest. Dr. S. V. Satpute, Co-ordinator, Internal Quality Assurance Cell, Dr. Y.S. Tamgadge Convener National Science Day, Dr. R. P. Ganorkar Head of Chemistry Department are present for the for inauguration of Science Awareness Exhibition. Total 35 Students participated from UG and PG and more than 70 students were present for the competition from science stream. Dr. Amit Bafna observed the Science models and praise the students about their efforts and work. He also addressed all students about the importance of science in day-to-day life. Principal Dr. D. V. Hande also congratulates all students for their efforts. This Science Day Programme really spread awareness about science among students.

UG and PG Chemistry students made different model based on the concept of Science and made Model like Adulteration in Honey, Chili Powder, Turmeric Powder, milk and spices, Water purification and pH test, Soap and detergent cleaning action model, Volcano, Climate change, 3R sustainability, Air mini cooler, Acid rain working and Water purification model etc. students were actively participated in Science Awareness Project Exhibition and explain the topic briefly related to theme. This all models were very conceptual and important for social awareness. Dr. P. U. Belsare, Assistant Professor, Department of Chemistry was conducted this Science exhibition under the guidance of Head of Department.

From UG Chemistry students Ku. Yamini Jamdar, Ku. Hemlata Vansutre, Ku. Janavi Nikaju and Ku. Hina Dhokane got 1<sup>st</sup> Prize for Acid Rain Working Model and Mr. Devendra Almast and Ku. Pallavi Parate got 2<sup>nd</sup> Prize for litmus paper of natural resources. From PG Chemistry students Ku. Achal Niswade, Kalyani Kadu and Tanvi Moghe got 3<sup>rd</sup> Prize for Food Adulteration in Science Awareness Project Exhibition. All students, Faculties and non-teaching staff visited department to see this Awareness Project Exhibition. On this occasion other faculties of Department Dr. A. K. Wanjari, Prof. Satish Kolteke, Prof. V. N. Gulhane were present. PG classes faculties Miss. Darshana Borkar and Miss. Sakshi Hete took efforts for the successful completion of this Science Day. Lastly the Certificates were distributed among students for their active Participation. Thus, this Science Awareness Project Exhibition encourage the other students.

National Science Day 2026 is not just a celebration but a reminder of India's deep-rooted scientific spirit, inspired by the legacy of Sir C. V. Raman. It encourages students to explore science beyond textbooks, ask meaningful questions, and apply scientific thinking to real-life challenges.
