The shed for the purpose of supplying water gratis to passers-by

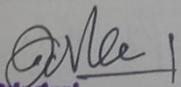

(Chalice)

Warud region has unfortunately been facing a serious scarcity of water since almost four years. In this draught-affected area, availability of drinking water by the side of roads especially in summer is a rarity.

Providing water to the thirsty is one of the ten commandments of Sant Gadge Baba. With this philanthropic thought in mind, the college staff takes a noble initiative every year to erect a shade for the purpose of supplying water to the thirsty passers-by near the main gate of the college. The staff of the college voluntarily comes forward to fulfill their social responsibility and donate some amount for the chalice and its maintenance.

This social activity has been quenching thirst of a lot of passengers going by Amravati-Pandhurna State Highway.

This has been a regular yearly activity of the college since 2016.
