PART – B

(PROGRESS REPORT)

1. Activities reflecting the goals & objectives of the institution

The goals and objectives of our Institution were spelt out long ago by the founder President of the Shri. Shivaji Education Society, Amravati, Dr. Panjabrao Alias Bhausahab Deshmukh. ‘Let us work hard’ he has said for the comprehension of scientific facts, for the greatest good for the country. We shall bridge the gap that exists between the laboratories and the fields. “The farmer for Bhausahab was the visible face for the destitute, unprivileged Indian who toiled on the farms and in factories, sunk in superstition; he carried the burden of an exploitative society on his frail shoulders”.

Our mission , then is to provide the strength to the arms and mind of this Indian with the transforming force of education , to create a scientific temper which kills fear and quickens curiosity. We are alert to the double – edged nature of youthful energy and are committed to harness their boundless enthusiasm and creativity for the mammoth task of nation building.

We are in mission and have created a facility for achieving excellence in education through the application of basic science and state of the art technologies. We are committed to encourage research and to upgrade our tools and to place our society at the cutting edge of progress.

Ours is the premier institution imparting education to the students of rural areas. The college takes special care for the academic achievement, personal growth and professional development. The college makes continuous efforts to achieve greater height of excellence in keeping with the expectations reposed by the society upon it.

We provide a wide range of programme options and courses to cater to the needs of the fast changing world. In 1960 there were only three optional subject in the Arts faculty. At present there are seven optional subjects namely, Political science, Economics, Philosophy, English Literature, Marathi Literature, Home-Eco.& Functional English . In 1971 the Science and Commerce streams were

introduced in the college. In science streams besides the traditional subject like Physics, Chemistry, Mathematics, Botany & Zoology, the vocational subject Electronics was introduced as one of the optional subject for B. Sc. In 1985. Then Computer science is added. Education facilities are extended by providing M. A. to Marathi, English & Economics. Under COP of UGC, Biomedical Lab. Tech. & ICT and Banking ,Fashion Design , Biotechnology , Communication skills & Taxation are introduced.

2. New academic programmes initiated (U.G. & P. G.)

The college is going to introduce the U. G. C. Scheme of Career Oriented Programme in Biomedical Laboratory Technique & Information Technology, Banking & Communication skills, Fashion Design , Biotechnology & Taxation. The U. G. STUDENTS GRIEVANCES CELL

The college considered the question of setting up suitable machinery for the redressal of student's grievances. The redressal cell consisted of five members

representing the college. The Principal acts as a chairman of the cell and appointed other member including Secretary.

The aim of the cell is to protect the academic interest of the students and to take suitable action wherever necessary.

The students of P. G. classes requested for more borrowers tickets. The grievance cell duly consulted the library committee and made available five borrower's tickets to each students.

The complaint / suggestion box is put for the convenience of the students. Coin box facility also available to the students.

PLAN OF ACTION CHALKED OUT
BY THE IQAC

PART – A

PLAN OF ACTION CHALKED OUT BY THE IQAC

IQAC chalked out the plan of action in the beginning of the session towards quality enhancement and the emphasis was laid on the following aspects.

1. Call up meeting of the staff.
 - 2 Make the staff aware of 7 point criteria of NAAC.
 - 3 Criteria wise set up of committees.
 - 4 The work is distributed to the various committees.
 - 5 Periodical review of their works.
 - 6 Analysis of the task performed and suggestions are given on the basis of analysis.
 - 7 Use of 6 sigma method to evaluate and enhance the quality parameter.

The task before us is

a) To make efforts to minimize drop out rate. Analyze the problem and find the solution.

Stepwise program is to run to minimize the drop out rate.

- 8 Organizing periodical Medical Check up camps in the college. We believe in “Health is Wealth”. Hence for the youth 3 periodical medical check up camps are suggested.
 - i) At the beginning – i.e. in the month of July-August.
 - ii) Mid session – i.e. in the month of Nov. – Dec.
 - iii) End of the session – i. e. in the month of Feb. – March.

Follow up of unhealthy students will be taken after medical check up to keep them in healthy position.

- 9 To organize State / National level Seminar
10. To encourage the staff members for research activity.

A Research , extension & consultancy committee is established to look after & encourage the staff members to carry on research , extension & consultancy activities. Information is provided to staff member regarding funding agencies and their criteria to provide required funds.

11. Preparations of competitive examinations, placements & career building with the help of Guidance & Information Bureau.

PART – B

(PROGRESS REPORT)

1. Activities reflecting the goals & objectives of the institution

The goals and objectives of our Institution were spelt out long ago by the founder President of the Shri. Shivaji Education Society, Amravati, Dr. Panjabrao Alias Bhausahab Deshmukh . ‘ Let us work hard’ he has said for the comprehension of scientific facts , for the greatest good for the country. We shall bridge the gap that exists between the laboratories and the fields. “ The farmer for Bhausahab was the visible face for the destitute, unprivileged Indian who toiled on the farms and in factories, sunk in superstition ; he carried the burden of an exploitative society on his frail shoulders”.

Our mission , then is to provide the strength to the arms and mind of this Indian with the transforming force of education , to create a scientific temper which kills fear and quickens curiosity. We are alert to the double – edged nature of youthful energy and are committed to harness their boundless enthusiasm and creativity for the mammoth task of nation building.

We are in mission and have created a facility for achieving excellence in education through the application of basic science and state of the art technologies. We are committed to encourage research and to upgrade our tools and to place our society at the cutting edge of progress.

Ours is the premier institution imparting education to the students of rural areas. The college takes special care for the academic achievement, personal growth and professional development. The college makes continuous efforts to achieve greater height of excellence in keeping with the expectations reposed by the society upon it.

We provide a wide range of programme options and courses to cater to the needs of the fast changing world. In 1960 there were only three optional subject in the Arts faculty. At present there are seven optional subjects namely, Political science, Economics, Philosophy, English Literature, Marathi Literature, Home-

Eco.& Functional English . In 1971 the Science and Commerce streams were introduced in the college. In science streams besides the traditional subject like Physics, Chemistry, Mathematics, Botany & Zoology, the vocational subject Electronics was introduced as one of the optional subject for B. Sc. In 1985. Then Computer science is added. Education facilities are extended by providing M. A. to Marathi, English & Economics. Under COP of UGC, Biomedical Lab. Tech. & ICT are introduced.
